The TRIANGLE NURSERY

* * *

We cannot adequately express our appreciation of your liberal patronage during the past season. We are surprised at the volume of business and the letters of approval we have had. We cannot ask for more than a continuance of these favors, with a promise of making every effort to maintain and improve in every detail possible our service to you.

New customers are welcome. It takes new customers to make old ones. Give us a liberal trial order this season. We are confident that we can establish our claim as a reliable source of supply.

The owners and management of our organization wish you the best for the season of 1951-1952.

SHADE, ORNAMENTAL TREES & TREE SEEDLINGS

If you are one of the many nurseries caught short on good shade and ornamental trees there is very little you can do except to plant for a well balanced nursery in the future. Selections from our list will give you variety.

Sales yards and smaller nurseries who buy a large part of their stock will also find trees listed suitable for popular priced merchandise. Our very reasonable prices should help you to make a nice profit.

Buy liberally from us in varieties adapted to your local conditions and we will take care of you in every way possible although some items are not so plentiful.

AN INVESTMENT IN TREES IS SURE TO GROW; PUT A FEW SURPLUS DOLLARS TO WORK NOW SO THAT YOU MAY REST WHEN YOU NEED IT LATER.

HARDWOOD CUTTINGS

We are often able to quote on hardwood cuttings and if you will send us a list of your needs, giving quantities and specifications we will quote you promptly on items available.

BROAD-LEAF EVERGREENS

Our plantings of Evergreens have not been very extensive and the past Winter just about took care of our offerings for this season. But we do have a fair supply of good Abelias. Due to the damage to wood to make cuttings the greater part of our offerings are 2 years old. All sizes are field grown, thoroughly cultivated in well spaced rows.

ABELIA GRANDIFLORA, Glossy Abelia

12 to 18 in. transplants	2.50	20.00

HARDY FLOWERING SHRUBS

We are giving our best efforts to the production of good shrubs in both liners and larger grades. Our plantings have been increased considerably on many items and we have also added new ones. We hope you will be able to make selections to your advantage and advise you to buy liberally before supply is exhausted.

Do not confuse our lining out cuttings and seedlings with the many weaklings offered that are grown in sand beds from small cuttings. All our plants are grown in wide rows in open field and cultivated as any other row crops.

ALMONDS, (PRUNUS GLANDULOSA)

Double Pink Flowering Almonds. (Own roots) Our Flowering Almonds will compare with the best. This is one of our feature items.
